COMPILED FROM FROM THE BOSTON SYMPHONY ORCHESTRA:

Academy Award-winner Chris Cooper will serve as narrator for a special performance of the *The Dream Lives On: A Portrait of the Kennedy Brothers* on the Hyannis Village Green as part of TD Bank Pops By The Sea on Aug. 1 at 5 p.m.

This new multi-media work combines quotes from speeches by the Kennedy brothers with original text and video, accompanied by a dramatic orchestral and choral score. *The Dream Lives On* pays tribute to the achievements and spirit epitomized by the Kennedy brothers—the call to public service, drive for social change, and the legacy of optimism for America's future. The title of the work was taken from the closing lines of Ted Kennedy's speech at the 2008 Democratic National Convention.

The work was written with more than one performance adaptation in mind: it can be performed with four narrators, chorus, and orchestra or it can be performed with a single narrator and orchestra (optional chorus).

Emmy Award-winner Alec Baldwin will handle narrator duties two weeks earlier at Tanglewood, the summer home of the Boston Symphony Orchestra in Lenox, on July 18, at 2:30 p.m.
